

Queen, Call Me

Call me if you need my love
Call me if you need my love
Call me if you need my love
Call me if you need my love
Call me if you need my love
Call me if you need my love
She lives in a luxury apartment in the heart of town
I live in the country and my house is tumbling down
Call me if you need my love
Call me if you need my love
Call me if you need my love
Call me if you need my love
I met her in her neighbourhood, I was just passing through
One look was all it took, yeah, one look or two
Call me if you need my love
Call me if you need my love
Call me if you need my love
Call me if you need my love
You got my name, you got my number
You got my number, you got my name
Now I'm gonna settle down, get myself a wife or two
No more of this running around like I used to do
Call me if you need my love, baby
Call me if you need my love
Call me if you need my love, baby
Call me if you need my love
Call me if you need my love, baby
Call me if you need my love
Call me if you need my love, baby
Call me if you need my love
