Queen, Call Me

Call me if you need my love

She lives in a luxury apartment in the heart of town

I live in the country and my house is tumbling down

Call me if you need my love

I met her in her neighbourhood, I was just passing through

One look was all it took, yeah, one look or two

Call me if you need my love

You got my name, you got my number

You got my number, you got my name

Now I'm gonna settle down, get myself a wife or two

No more of this running around like I used to do

Call me if you need my love, baby

Call me if you need my love

Call me if you need my love, baby

Call me if you need my love

Call me if you need my love, baby

Call me if you need my love

Call me if you need my love, baby

Call me if you need my love
