

# Queen, Keep Passing The Open Windows

(Mercury)

This is the only life for me  
Surround myself around my own fantasy  
You just gotta be strong and believe in yourself  
Forget all the sadness cause love is all you need.

Do you know what it's like to be alone in this world  
When you're down and out on your luck and you're a failure  
Wake up screaming in the middle of the night  
You think it's all been a waste of time  
It's been a bad year  
You start believing everything's gonna be alright  
Next minute you're down and you're flat on your back  
A brand new day is beginning  
Get that sunny feeling and you're on your way.

Just believe - just keep passing the open windows  
Just believe - just keep passing the open windows  
Do you know how it feels when you don't have a friend  
Without a job and no money to spend  
You're a stranger

All you think about is suicide  
One of these days you're gonna lose the fight  
You better keep out of danger - yeah  
That same old feeling just keeps burning deep inside  
You keep telling yourself it's gonna be the end  
Oh get yourself together  
Things are looking better everyday

Just believe - just keep passing the open windows  
Just believe - just keep passing the open windows.

This is the only life for me  
Surround myself around my own fantasy  
You just gotta be strong and believe in yourself  
Forget all the sadness cause love is all you need.

You just gotta be strong and believe in yourself  
Forget all the sadness cause love is all you need.

Love is all you need - baby - love is all you need.

Just believe - just keep passing the open windows.
