## Queen, She Makes Me

I love She makes me She is my heart She is my love

I know I'm jealous of her She makes me need She is my love

Who knows who she'll make me As I lie in her cocoon And the world will surely heal my ills I'm warm and terrified

She makes me so

I know the day I leave her I'll love her still She is my love She is my love

She knows where my dreams will end I'll follow as they grow But the world will know how long I'll take And if I'm very slow she makes me so

She is my love
