

Radio Head, Where I End And You Begin (The Sky Is Falling In)

There's a gap in between
There's a gap where we meet
Where I end and you begin

And I'm sorry for us
The dinosaurs roam the earth
The sky turns green
Where I end and you begin

I am up in the clouds
I am up in the clouds
And I can't and I can't come down

I can watch but not take part
Where I end and where you start
Where you, you left me alone
You left me alone

X will now mark the place
Like the parting of the waves
Like a house falling into the sea
Into the sea

I will eat you all alive
I will eat you all alive
I will eat you all alive
I will eat you all alive

There'll be no more lies
There'll be no more lies
There'll be no more lies
There'll be no more lies

I will eat you all alive
I will eat you all alive
I will eat you all alive
I will eat you all alive

And there'll be no more lies
There'll be no more lies
There'll be no more lies
There'll be no more lies

I will eat you all alive
I will eat you all alive
I will eat you all alive
I will eat you all alive
