

# Rafał Brzozowski, Sky over Europe

Here I standing all alone  
and I know this is really the last goodbye  
last goodbye  
I will call you on the phone  
Just to tell you please  
Please don't you cry  
don't you cry

is not easy to get out  
when in my dream I'm gonna win  
lucky  
is not easy to break life  
is not easy yes I know  
but it's over

can't you see  
over Europe the sky is burning?  
welcome to our land of milk and honey  
yes, we're open  
but invitation are fading  
night is cold  
and the morning isn't coming

I will...  
Waiting  
Every men are ready  
God is money  
God is money  
Let we become gentle  
Farewell through the darkness  
We're running /2x

can't you see  
over Europe the sky is burning?  
welcome to our land of milk and honey  
yes, we're open  
but invitation are fading  
night is cold  
and the morning isn't coming
