

# Randy Travis, Day One

(Max D. Barnes/Jimmy Yeary)

Cold house

Just before dawn

Oh my God

This feels so wrong

Clouds roll in

And cover the sun

A new day begins

Day one

Day one

And it already feels like forever

It's over and done

So what can I do?

Day one

Of putting my life back together

Day one

Of learning to live without you

Gold ring

There on the bed

Oh my God

She meant what she said

No place to hide

No where to run

Just dying inside

Day one

Day one

And it already feels like forever

It's over and done

So what can I do?

Day one

Of putting my life back together

Day one

Of learning to live without you

Day one

Of learning to live without you
