

# Ratt, Dance

Dance  
Dance  
Dance  
Dance, dance, dance

Slip and slide, take a ride  
You want the best of both worlds  
Caviar, it's hard to find  
You're not a big city girl

You have dreams to make it big  
Right off the Greyhound bus  
Roses come from everyone  
You're gonna have yourself some fun

When it's all done  
You bite your tongue  
You're feelin' so young  
No cover-ups  
You're never alone  
If you hear the call  
It's all for one  
And one for all

Baby we can dance, dance, dance  
Feel the heat of the rhythm  
Feel the heat of my hand  
Dance, dance, dance  
I see the way that you're movin'  
You need a little romance

You have pride, just try and fight  
You'll take on anyone  
Stupid pans and fans, no more laughs  
It's only ten to one

It's gettin' late to worry 'bout a date  
Still you have no one  
Twist of fate, you know it's too late  
You turn on everyone

When it's all done  
You bite your tongue  
You're feelin' so young  
No cover-ups  
You're never alone  
If you hear the call  
It's all for one  
And one for all

Baby we can dance, dance, dance  
Feel the heat of the rhythm  
Feel the heat of my hand  
Dance, dance, dance  
I see the way that you're movin'  
I think we have a chance

When it's all done  
You bite your tongue  
You're feelin' so young  
No cover-ups  
You're never alone  
If you hear the call  
It's all for one

And one for all

Dance  
Dance  
Dance  
D-d-d-dance

Dance, dance, dance  
Feel the heat of the rhythm  
Feel the heat of my hand  
Dance, dance, dance  
I see the way that you're movin'  
You need a little romance

Dance, dance, dance  
Feel the heat of the rhythm  
Feel the beat of the band  
Dance, dance, dance  
I see the way that you're movin'  
I think we have a chance, chance

Dance, dance

We'll dance, dance, dance  
We'll dance, dance, dance
