

Ray Boltz, The Storm

Sent them a sign, sent them a sign, sent them a sign, but they closed their eyes.

Sent them a sign, sent them a sign, sent them a sign, but they closed their eyes.

But they closed their eyes...

Nowhere to hide, nowhere to run
He prophesied this day would come
You can close your eyes when he sends you the sign
You can just pretend that you have plenty of time
But when you're caught in the eye of the storm

Nowhere to turn as the thunder crashes
So many time you were warned
Now you're caught in the eye of the storm
Apocalypse stands at the door
You're caught in the eye of the storm

Ages ago, voices so cruel
"Noah" they cried, "You're such a fool";
And still today, skeptics abound
Until the water will cover the ground
And they are caught in the eye of the storm

Nowhere to turn as the thunder crashes
So many time you were warned
Now you're caught in the eye of the storm
Apocalypse stands at the door
You're caught in the eye of the storm

You could give him your heart
While you still have the time
You can give him your soul
You can give him your mind
You can fall on your knees
You could cry out "Save me";

One day when the lightning crashes
One day when the thunder rolls
One day when apocalypse is standing knockin' at your door
You'll be safe in the arms of Jesus
You'll be safe forever more
You'll be praising him forever
What a glorious reward
You'll be safe with the Lord
Not caught in the eye of the storm

Caught in the eye of the storm

Nowhere to turn as the thunder crashes
So many time you were warned
Now you're caught in the eye of the storm
Apocalypse stands at the door
You're caught in the eye of the storm
