

Ray Wilson, Bless me

Bless me said the lonely boy
Bless me said the lonely girl
Why does no one love me
Why will no one ever tell me why?
Bless me said the lonely man
Bless me said the lonely man
Now that my wife left me
Who is gonna fill my dreams at night
I try but I dont succeed
Its only love
Need for changing
And there for the rest of time
Bless me for the love god
Bless me for the love god
Cant you understand me
Try to make a difference in my life
I just dont belong here
That everyone can see it in my eyes
Bless me
Bless me said the lonely man
Bless me
I cannot feel love
I cannot feel love
Bless me
Bless me
Bless me
I cannot feel love
I cannot feel love
Bless me
Bless me
Bless me
