

Reagan Youth, In Dog We Trust

Inquisition says we'll burn in hell
Damnation for the infidel
Gonna start and spread some heresy?
Ya' gotta expect a certain misery
They're gonna make it really interesting
They're gonna go and teach democracy
Whatever God that could exterminate
Whatever God that can't tolerate

In dog we trust [4x]

In dog we trust
In God you trust
In God you trust
In God you lust

God damn you
God damn me
God damn who?
