## Rebecca Lynn Howard, Melancholy Blue

(Tom Douglas/Harlan Howard) Ever since I lost you babe I've been here and there Looking for some piece of mind, can't find it anywhere I went down to Tunica, played me a little blackjack Saw a wino on the corner gave my winnings back If it was just money Baby,I could make it But living without you Can I take it All I see ahead of me Is just melancholy blue Cause I ain't got no future without you I went down to Austin, lots of beautiful people there Could have had a better adventure, I just didn't care Got a job in California, they sure like my style But there's something about that California sun Reminds me of your smile If it was just money Baby,I could make it But living without you Can I take it All I see ahead of me Is just melancholy blue Cause I ain't got no future without you Now and then I go back to Biloxi Whenever I feel brave Visit that little country church down there Lay some flowers on your grave You sure got a hold on me,I don't want to do I ain't got no future I can't see no future without you
