

Rebecca St. James, Sidy By Side

(Chorus:)

Side by side by side by side
Walking together is the way it should be
Side by side by side by side
When you're needing somebody depend upon me
We'll travel on this journey of life
Side by Side

(Chorus:)

Every day of my life,
Every valley I face
I know you'll always be there,
Every step I take
Let's keep our eyes on the Father above
I need you, you need me, we need love

(Chorus:)

No need to go by yourself or find the way on your own
You're never out of His sight, even when you're alone
And I'll stay closer than a brother to you
Arm in arm
Hand in hand
Two by two

(Chorus:)
