

Redd Kross, Lovedoll Superstar

Superstar, lovedoll superstar
Superstar, lovedoll superstar

I don't know why they left us
Oh god, where did they go
But they'll be back you know
They can't leave us this way
Patch found Jesus, bunny was hit
Kitty quit life 'cause she was through with it
But we will pray and know they will get together someday

Superstar, lovedoll superstar
Superstar, lovedoll superstar

It seems one day patch discovered
Kitty karla asleep in the gutter
She brushed her off and said she would do it again
Fame and fortune nearly killed me
We can't go on without bunny
But alex is back and she's been off drugs for nearly a year

Superstar, lovedoll superstar
Superstar, lovedoll superstar

No one can stop us now so you don't even try
You can't kill a lovedoll, babe
'cause superstars, they don't die

Superstar, lovedoll superstar
Superstar, lovedoll superstar
