

# Reel Big Fish, We Close Our Eyes

This one a tribute  
Jump and shout  
Jump with joy

We close our eyes  
(C'mon baby)  
We close our eyes and dream and the world has turned around again  
Oh

When everybody is runnin' in the big race  
And having a good time  
Who am I to cast a shadow  
Who am I?  
I looked Death in the face last night  
I saw him in a mirror  
And he simply smiled  
He told me not to worry  
He told me just to take my time

Chorus:  
We close our eyes and the world has turned around again  
We close our eyes and dream and another year has come and gone  
We close our eyes and the world has turned around again  
We close our eyes and dream

And if you come to me  
And if you touch my hand  
I might just slip away  
I might just disappear  
Who am I?  
And if you think I'm worth it  
And if you think it's not too late  
We might start falling  
If we don't try to hard  
We might start falling in love

(Chorus)

We're on the healing path  
We're on a roller coaster ride  
That could never turn back  
And if you love me  
And if you really try  
To make the seconds count  
Then we can close our eyes

(chorus)

We close our eyes and the world has turned around again
