

# Reflections, Walking Away

your just walking away  
not going to say anything  
walkin out the door

oh, jus walkin  
walking away  
not a word of sympathy  
for me  
now that i'm al alone  
no one to run to when i'm cohohohohld

for your just  
walking away  
your not going to say a word  
turning on your heel  
turning that steering wheel  
leaving, any human way you can

no hunny  
don't leave  
dont leave me allllll alone  
no one to run to  
when so cohohohohohohohohohld

hunny don't leave me  
hunny don't move  
hunny i need you  
need you to  
need you  
for me for me for me for me
