

Reflekt, Need To Feel Loved

Come catch me baby,
Im falling

Come and catch a fire baby,
don't let me fade away,
don't let me fade away

Come and catch a feeling, it's a electrifying me
Free falling baby, a wake before Im down
A wake before Im down

Come touch me baby, I need to feel loved
Come hold me baby, I need to feel loved
I need to feel loved

Come catch a fire, dont let me fade away
Come catch a fire baby, dont let me fade away
Come catch a feeling, its electrifying me
Eyes wide open, I'm dreaming

Breathe for me baby, a wake before I'm down
Come hold me baby, I need to feel loved
Im in love
