

Regard, Ride It

it's been a month and twenty days
and we're going round and round just playing silly games
now you're saying
slow it down
not right now
then ya wink at me and walk away

let it be, let it be
let it be known
hold on, don't go
touching and teasing me, telling me no
but this time I need to feel you

we're all alone
(ride it) just lose control
(ride it) (ride it) come touch my soul
(ride it) (ride) let me feel you

turn the lights down low
(ride it) from head to toe
(ride it) (ride it) touch my soul
(ride it) (ride) let me feel you

movida was the club on the Saturday
ya actin' like a diva sayin you don't wanna pay
it's gotta be ya finest style
raised eye brow
I love it when you look at me that way
now we're in-you order a Mojito at the bar
ya re-apply lippy cos it come off on the glass
the DJ plays ya favorite song
kanye's on
now ya becking for mr to dance
pullin me /3x
close
just close your eyes girl
whispering, tellin me we gotta go
won't you take me home I want to ride it

we're all alone
(ride it) just lose control
(ride it) (ride it) come touch my soul
(ride it) (ride) let me feel you

turn the lights down low
(ride it) from head to toe
(ride it) (ride it) touch my soul
(ride it) (ride) let me feel you

everything was right until her phone began to ring
she takes it to the corner that's when I start wondering
I can hear shouting, banging, fists against the door
yelling yo it's over I can't take it any more
then I walk away and act all nonchalant and cool
I sin't tryna get all caught up in her mess for real
but she come on and backed me up against the wall
she said I know you heart but I'll make you forget it all

baby let me feel you

we're all alone
(ride it) just lose control
(ride it) (ride it) come touch my soul
(ride it) (ride) let me feel you

turn the lights down low
(ride it) from head to toe
(ride it) (ride it) touch my soul
(ride it) (ride) let me feel you
