

Reggie And The Full Effect, Everyone Is Crazy

looks like were 'bout to make it
i dont think you understand
i kno what i do reflects on you
i didnt want it to happen
i dont think you understand
that this is not me or what i will be
i never thought you'd support me
i want you to understand
that i still love you a way i dream of you

im givin it all i can now
this is my first demand how
everything is crazy
everyone is crazy

i cant ask you to deal with
all of the stuff that comes with
why im losing all im choosing

im givin it all i can now
this is my first demand how
everything is crazy
everyone is crazy

im givin it all i can now
you are my first demand how
everything is crazy
everyone is not the way i thought they whould be
not the way i thought we would be
not the way i thought they should be
not the way i thought we could be
not the way i thought we would be
not the way i thought we should be
not the way i thought we could be baybee

i kno that we can make it
i want you to understand that
my thoughts are clear
i want you near

im givin it all i can now
you are my first demand now
everything is crazy
everyone is crazy

im givin it all i can now
you are my first demand how
everything is crazy
everyone is not the way i thought they whould be
not the way i thought we would be
not the way i thought they should be
not the way i thought we could be
not the way i thought we would be
not the way i thought we should be
not the way i thought we could be baybee
