

Reggie And The Full Effect, From Me To You

"Today's your final day"
Is what I thought you would say
Why fools throw love away
Is something i cant say
Others just runaway
Think that it comes back someday
Feels good and looks good and seems like it should
Only i know what I wanna do
Could be a better way
To think of how to stay
Feels like a, looks like a, seems like a, knows what is
Only you, only
it's only you,only you
Can't guess just what i do
Just know this song is more from me to you
