

# Reggie And The Full Effect, Happy V-Day

Sometimes when I'm away I think of you  
Think of what I'd like to do  
When we're alone  
But it kills me to know  
(It's not a situation)  
That you'll never know  
(For every expectation)  
As far as I know  
(A constant complication)  
You'll never know

So say you'll stay the day  
I want you too  
Everything depends on you  
Don't let me go  
I wish that I could say I'd stay with you  
But you know that that's not true  
Please let me go

But it kills me to know  
(It's not a situation)  
That you'll never know  
(For any expectation)  
As far as I know  
(A constant complication)  
You'll never know

Hard...  
To know what's in your heart  
So you're just looking to find  
Part...  
Of what you say  
Its not affecting on my soul or my mind  
Just keep your feet on the ground  
Even when I'm not around  
I won't give up on you  
Hard...  
To know what's in your heart  
So you're just looking to find  
Part...  
Of what you say  
It's not affecting on my soul or my mind  
Hard...
