

# Reggie And The Full Effect, The Trooth

today is the day  
i'm ripping you out  
the pain you've given  
is worth 175  
leave me so I can have some sanity  
get away from me  
I m keeping a piece of you in a jar  
so I can point and laugh at you from now till forever  
you suck and it's time you left  
I am tired of taking care of you  
you never seemed to notice anyways  
so pulling out your roots  
go ruin someone else's life....
