

# Reggie And The Full Effect, Your Girlfriends Hate

Your boyfriend, he likes you, but does he really try  
Can he do, what I do, should you just say good-bye  
Your girlfriends, they tell you, don't ever trust a guy  
Should you do, what they do, don't have a reason why  
It's nothing that I can do, just write another song for you, so  
(It's nothing, I can do)  
Your boyfriend, he loves you, but never can reply  
Would he say, what I say, I wish you'd say good-bye  
It's nothing that I can do, just write another song for you, so  
(It's nothing, I can do)  
This is all that I'm saying  
This is all that I'm saying
