

# Relative Ash, Bounce

here's my outlet loud as hell  
never weak in your face  
it's our release see my friends bouncing with me  
groove aggression screaming depression  
once again you can't help staring  
hearing what comes out from fearing no one  
this is raw emotion  
oh my god here we go again  
this is raw emotion  
see my friends bouncing with me  
oh my god here we go again  
here's your outlet loud as hell  
never weak in my face  
it's your release see my friends bouncing with me  
groove aggression screaming depression  
once again you can't help staring  
hearing what comes out from fearing  
no one this is raw emotion  
oh my God here we go again  
this is raw emotion  
oh my God here we go again  
we groove together loud as hell never weak  
bounce  
this is raw emotion  
see my friends bouncing with me  
oh my God here we go again  
this is raw emotion  
see my friends bouncing with me  
oh my god here we go again  
we groove together  
loud as hell never weak
