

# Remembering Never, Late Night Alone

you got me up all night hating myself  
and everything is not going to be ok  
you got me up all night hating you much more  
and i cant help but throw me away  
these are the last words i scribble down  
my last chance to hurt you once more  
when i turn to you  
you couldnt recall my name  
you got me up al night cutting away myself  
and its getting better  
your words have become my poison to help me through every step of the way
