

# Rene Froger, Winter In America

The Harbours misty in the morning love  
Oh how I miss December  
The friendship any opens up to kiss the salty air  
I know you're getting ready for the office  
I suppose he's still there  
With you sharing a morning sun

Winter in America is cold  
And I just keep growing older  
I wish I could had known  
Enough of love  
To leave love enough alone

I've learnt something of love  
I wish I'd known before you left me  
But its funny how you don't know what youve got till it's gone  
I hope you're getting all the love you ever wanted  
But I wish I was there  
With you sharing a morning sun

I waken the sadness of the rain  
And Im making love to strangers  
Andwishing I had known  
Enough of love  
To leave love enough alone

Winter in America is cold  
And I just keep growing older  
And wishing I had known  
Enough of love  
To leave love enough alone

Winter in America is cold  
And I just keep growing older  
And wishing I had known  
Enough of love  
To leave love enough alone
