## Reneé Rapp, Snow Angel

First to arrive last to leave What's misery without company It's hard to laugh when it's hard to breathe It's white outside but red underneath

Feel the tip of my nose It's burning but it's ice cold

I'll make it through the winter if it kills me I can make it faster if I hurry I'll angel in the snow until I'm worthy But if it kills me I tried If it kills me

Smiles hide what secrets keep Can't tell a lie if you never speak Look in the mirror she looks like me But half alive and twice as weak

Feel the tip of my nose It's burning but it's ice cold

I'll make it through the winter if it kills me I can make it faster if I hurry I'll angel in the snow until I'm worthy But if it kills me I tried If it kills me

I tried so hard I came so far I met a boy He broke my heart

I blame him cuz It's easier But I still look For him in her

The seasons change Addictions strange I loved back then What I hate today

I wish I went
A different way
But if I went back
I would do the same

I'll make it through the winter if it But why does it go slower when I I'll angel in the snow until I'm worthy But if it kills me I tried If it kills me I
