

Reni Jusis, Single Bite Lover

I've been saving all this time for you
First U took my heart and now
Claim you don't want it
No more starving in your arms, I'm through
Don't get fooled by my desire
A single bite is not enough
A single-bite lover
A single kiss, a single night
A single-bite lover
A single thrill, a single bite
Why'd you even bother
Did it ever cross your mind
Get me wanting more and more and more
Than you sneaked out with a single lie
I've been saving all my love for you
Every single night undone
Sinking ever deeper
No more starving in your arms, I'm through
Don't get fooled by my desire
A single bite won't do
