

Reveille, Feel

Everyday people are preyed upon
Some fight, some fold, others play along
But now it's not another story off the evening news
Not just a static the warnings use
Seventeen years and a dose of reality
Two years back seems like yesterday
Raped, tortured, robbed of pride
Innocence lost- torn from inside
So I step aside and let life run its course
A handful of predators driven by a darker force
And there's nothing I could do
I thought I knew you
Feel, come into reason
Feel, come into me
Heal, feel, I wanna make you squeal
It's payback time, though it hurts to repeal
Cause I've tried so hard to make it stop
But it lurks in my dream and lingers in my thoughts
I couldn't talk, they wouldn't respect me
So I told myself that it didn't effect me
But it does, it hurts so much
Now the mask is on- I've grown numb to touch
(chorus)
I want you to hurt like I still do
You've taken so much that you can't replace
I want the pain to come rolling through
I want to see it rolling down your face
I want you to hurt...like me
Because time can only heal so much
I want you to feel it you motherfucker
I want you to feel it you fucking pig
I want you to feel what I felt
I want you to- feel
