

Revenge, Harder Than Steel

The evil dogs, Stay in the Hell
Feel your Power, Feel your Rage
In the Midnight, Lava will Rain
Shake the Chains, Never will Break

Harder Than Steel
Our fist in the night
Harder Than Steel
Courage and pride.

Trapped behind bars, Prison of death
Feel it the Cold steel, No fear, no pain
I've got death upon my mind
Let's go to the tame
Screaming for Vengeance
Fight in Satan's name

Harder Than Steel
Our fist in the night
Harder Than Steel
Courage and pride.

Harder Than Steel
Our fist in the night
Harder Than Steel
Stay Hard, Stay Wild
