

# Revolution Renaissance, I Did It My Way

Look at me do you see  
All the things I want you to see&amp;  
You're telling me, sure I know you so well  
But you just act when you are back against the wall  
What is true what is fake  
Everything that you make or you take  
It's plain to see  
Imagewise you're okay  
But is there anything inside of you?  
Hear me say  
I don't wanna do the things you say  
I don't wanna play the game you play  
I just wanna be myself and walk the road without pretending  
I just wanna live my life, be true  
So many things there are that I will do  
When I'm looking back the road at least I can say:  
I did it my way  
There you are once again  
Telling me how the things all should be  
And that I care far too much about my art  
&quot;cause you know they will never understand&quot;  
I am me, I cannot be, what I'm not; I am real and I feel, but you can never stop, you forgot  
Cause no one's gonna tell me what to do  
Hear me say...
