

# Rhubarb, Wasting Too Much Time

Oh my God, I can't believe  
In the way we strive, this urgency.

When I see we can make it, we'll make it.  
We can make it, we'll make it.

[Chorus]  
Are we wastin' too much time  
Are we wastin' too much time.

Can't connect, we're all willing victims  
When I see we can make it, we'll make it.  
We can make it, we'll make it.

Are we wastin' too much time  
Are we wastin' too much time.  
And are we wastin' too much time  
Tryin' to reach your bottom line

Are we wastin' too much time  
Are we wastin' too much time.  
And are we wastin' too much time  
Tryin' to reach your bottom line

You never stop and never carry on for love  
You and all these words
