

# Rich The Kid, Dab Fever

Okay my trap jumping, phone ringing  
Bitches wanna fuck me cause my bands beating  
Okay my trap jumping, feeling it  
I just put that Mazi up for no reason  
We give the world Dab fever  
Whipping a pan, no Peter  
Sippin' a pint, real Easter  
Running around with the nina  
Yeah the trap still jumping  
12 pull up, I'm running  
Still stay with that money  
Dab fever, cross the country

Dab fever, sippin' Easter  
Bad bitch, Mona Lisa  
Strapped up, Desert Eagle  
Green salad, no caesar  
Boy you lying, straight flexin'  
Need the pussy, no textin'  
I'm a veteran, you a freshman  
Dab school, I give lessons  
I was broke with no money  
Gnaw on steak when I'm hungry  
Blond bitch, she go dummy  
All I want is them 100s  
Niggas hating on the dab  
I'm counting up, do the math  
Fuck a bitch, buy a cab  
17 bought a jag

Okay my trap jumping, phone ringing  
Bitches wanna fuck me cause my bands beating  
Okay my trap jumping, feeling it  
I just put that Mazi up for no reason  
We give the world Dab fever  
Whipping a pan, no Peter  
Sippin' a pint, real Easter  
Running around with the nina  
Yeah the trap still jumping  
12 pull up, I'm running  
Still stay with that money  
Dab fever, cross the country

Start car, do this for my block  
Tell that shorty give me top  
Rolling papers, finna drop  
Hit this KK and no cough  
Bitch I run it like a relay  
Gave it to me once, brought it back like a DJ  
Smoking on a freeway  
Watch me dab, shout out to Skippa Da Flippa  
Break it down, roll me a zipper  
Yeah man I'm great, little niggas coming last in the race  
So much ash in my tray  
So much cash in my safe  
Boy I been hitting your phone, that's what all the bad bitches say

Okay my trap jumping, phone ringing  
Bitches wanna fuck me cause my bands beating  
Okay my trap jumping, feeling it  
I just put that Mazi up for no reason  
We give the world Dab fever  
Whipping a pan, no Peter  
Sippin' a pint, real Easter

Running around with the nina  
Yeah the trap still jumping  
12 pull up, I'm running
