

# Ricky Nelson, From A Distance

Oh I hate to love you  
Love you from a distance  
And everytime you write  
I kiss your name

Oh I hate to love you  
Love you from a distance  
And loving you this way  
Seems all in vain

Holding you in my dreams  
Isn't quite the same it seems  
I love you, but it's hard to do  
From a thousand miles away

Oh I hate to love you  
Love you from a distance  
Just to kiss your lips  
Is all I pray

Holding you in my dreams  
Isn't quite the same it seems  
I love you, but it's hard to do  
From a thousand miles away

Well I'm gonna love you  
but not from a distance  
I'm comin' home to you  
I'm gonna stay

Yes I'm gonna love you  
But not from a distance  
And when I hold you near  
You'll hear me say
