

# Ricky Nelson, Say You Love Me

Say you love me, say you do  
And I'll spend my life loving you too  
When today is just a memory  
My heart will still belong to you  
Say you love me too, say you do

You're my every dream come true  
Let me share them all with you  
I'll be yours my whole life through  
Now and always, I love you

Say you love me, say you do  
And I'll spend my life loving you too  
When today is just a memory  
My heart will still belong to you  
Say you love me too, say you do  
Say you love me too, say you do
