

# Rico Bernasconi & Lotus, Make a Miracle (feat NICKI MINAJ)

Feeling dark, got to see the doctor  
It's about my hunger for your heart  
And it's your life  
We could have been through Angels eyes,  
It's like heaven inside

As I turn to ask the reason why  
As I walk, as you walk down by  
You can tell me a million lies  
As I walk

Show me to your heart  
All I need is you to make a miracle  
I need a miracle,  
A miracle of love!  
Love, love, love, love

Give me that!
