

# Right Said Fred, Girls And Boys

I really, I, I, I

I've been capricious  
I've been delicious  
I've seen a million things  
That I can't ever name  
I've done the dirty  
I'm over thirty  
And I've been otherwise  
If you know what I mean

I really, I, I, I

I've been outrageous  
I've been courageous  
I've been everything  
And nothing it seems to mean

I've been right on it  
And so far from it  
But when I'm down  
I know it's only temporary

And I like girls  
And I like boys  
And I like girls and boys  
And I like girls

And I like boys  
And I like girls and boys

I've been suspicious  
Sometimes malicious  
And people say that I'm good to my mom  
I've been amusing  
Not used to losing  
Now I feel I'm on the outside  
Won't you give me some

Chorus

I like, I, I, I, I, I like (repeat)

I've wined and dined it  
Lost track of time it  
I've shaken and baked  
and entertained them all  
I've done the dirty  
I'm over thirty  
And I've been otherwise  
If you know what I mean

Chorus (x3)
