

Ril Anzy, First Kiss In Heaven

Tied to a waterfall
Thinking by herself
Breaking up into pieces of gold
Trying to be relentless
There's ways to go
To realize that she was all alone

Given all my breath away

Take me up
I want your first kiss in heaven
yeah
I'll stay away
To see your face in heaven
yeah

Waking above the storm
Feeling the cold
Drank enough to sober up my soul
But it's warmer
When you're sinking
In the pages of the books about your bones

Giving up the life you made

Should I go again
Oh again, again

Take me up
I want your first kiss in heaven
yeah
I'll stay away
To see your face in heaven
yeah

Take me up
I want your first kiss in heaven
yeah
I'll stay away
To see your face in heaven
yeah
