

Ringo Starr, Lay Down Your Arms

Now see what you get
When you shoot so low
Once you see it's bad
You must say "No, No"
When you can not sleep
You must ask yourself what for
See what it is
You can ask no more

Lay down your arms
Lay down your arms
and I will open wide

Lay down your arms
Lay down your arms
and I will open wide

Love is not a sin
Give in, give in
Love is not a sin
Give in, give in
Love is not a sin

Give in, give in
Give in to Love

Lay down your arms
Lay down your arms
and I will open wide

Don't close your eyes
Don't close your eyes
and I can open wide

Lay down your arms
Lay down your arms
and I will open wide

Lay down your arms
Lay down your arms
and I will open wide
