

Riot 99, On The Tracks

I'm outta my head on the subways bright light glare
It's station to station but I'm still going nowhere
whats the next stop? BOREDOM
whats the next stop? NOWHERE
I'm crashing on the tracks (x3)
The tracks, the tracks, the tracks

My heads in a mess on the subway train downtown
The pressure of the city puts a strain on the underground
whats the next stop? BOREDOM
whats the next stop? NOWHERE
I'm crashing on the tracks (x3)
The tracks, the tracks, the tracks

I'm going to fast and the doors won't open for me
I'm trapped in the line and the tunnels too dark to see
whats the next stop? BOREDOM
whats the next stop? NOWHERE
I'm crashing on the tracks (x3)
The tracks, the tracks, the tracks

I wonder, I wonder
Whats going to happen to me? (x3)
