Help me, refresh me darling
Give me a bucket of a freezing crystal water
Press the thing
I forgot where is the button
Help me, help me refresh me

You know I'm worried 'bout my lazy brain
I know this stuff ain't really a fair-trade
I'm getting it 'cuz I'm a lazy cow
shitting on my consciousness
ignoring my knowhow
And then I hate it, God knows I hate it
I'm dirty of gossiping
Too much drinking
eating crap
I know that I am creepy
but I don't know
how to stop

Help me, refresh me darling
Give me a bucket of a freezing crystal water
Press the thing
I forgot where is the button
Help me, help me refresh me
Help me, refresh me darling
Give me a bucket of a freezing crystal water
Press the thing
I forgot where is the button
wake me, wake me!

I'm watching movies that just make me laugh
romantic silly stuff
I just can't get enough
Just play me something that will make me small
humble an thinking
inspired by art

Help me, refresh me darling
Give me a bucket of a freezing crystal water
Press the thing
I forgot where is the button
Help me, help me, refresh me
