

# River City High, Runaround

Youe night alone  
Youe not as far as you might  
Far from home  
It still feels like a runaround  
Youe coming  
Youe going  
Youe coming  
Youe not sure  
If youe coming  
Or going  
Just come in, just come in

(chorus)  
Youe standing  
On the edge again  
Youe waiting, waiting  
And youe living  
On the edge again  
But youe standing, standing

Youe not alone  
With your new friends and  
Far from home  
Those boys are giving you the runaround  
Youe coming  
Youe going  
Youe coming  
Youe not sure  
If youe coming  
Or going  
Just come in, just come in

(Chorus)  
Youe not taking what you have earned  
And theye not giving you what you deserve  
It time you showed them what youe worth  
(Chorus )
