

# Road Trip's Over, Never Let You Down

You know sometimes it's really hard to get through  
But we can't run away from these moments too  
It takes some time to fix all of our problems  
But I don't care if you're by my side  
I just wanted you to know

refren:

That you can have the best of me  
I wish i could tell you what I feel  
If I only could be there I promise I would save you and  
Never let you down  
It's not so far as you've been thinking  
If I escape I'm sure you'll miss me  
But I won't leave you all alone, no!  
Don't be afraid I'm waiting here for you  
I just wanted you to know

refren:

That you can have the best of me  
I wish i could tell you what I feel  
If I only could be there I promise I would save you and  
Never let you down  
It's not so easy  
To be together  
But it's a lot harder to live without you  
You have the best of me  
You always will  
I tell you what I feel  
If I only could be there I promise I would save you and  
Never let you down!
