

# Rob Mills, Holding On

I feel like something's going down  
Two many things that I could frown upon  
and I don't like to feel that way  
You say don't walk before you crawl  
don't trust in anyone at all  
and I don't like to feel that way  
No I don't like to feel that way

Chorus:

Because I'm falling into deep  
but I don't care  
I won't be holding on  
And I'm caught up, loing sleep  
but I don't care  
I won't be holding on  
Sometimes it's hard to breathe  
Cos no one cares about you when your gone

You said keep both feet on the ground  
my head is so caught up  
I'm drowning  
And I don't like to feel that way  
No I don't like to feel that way

Chorus

Don't want to think of yesterday  
tomorrow's getitng in my way  
So many things i've got to say

Chorus
