

Robbie Rivera, Float Away

Want to take you down by the river
Where you can watch me undress
I want to lay with you in the water
Naked, floating on sunlight

Lalalalala.....
Float away with me
Lalalalala.....
Float away with me
Lalalalala.....
Lalalalala.....

And in the waterfall, i explore you
I want to be your temptress
And as the cool cascade washes over
We fall into fire

Lalalalala.....
Float away with me (x6)

With me (x4)

Float away with me

Lalalalala..... (x4)

Lalalalala.....
Float away with me (x4)
