

Robbie Williams, Close My Eyes (ft. Sander van D

I close my eyes and see you
Better than before
Then I feel you touch me
And it's 1984
I know what you will say
Before you start...
Maybe it's a habit
Maybe it's a sin
But i'll find out when i try it and it crawls beneath my skin
When it gets inside you it won't go
I close my eyes and see you
Better than before
Then I feel you touch me
And it's 1984
I know what you will say
Before you start...
