

# Rod Stewart, Guess I'll Always Love You

&lt;I used to think I was somethin' real special,  
Brag about the hearts that I broke.  
But you came along like a hurricane, honey.  
And snapped me like a piece of rope.

Oh and even after all this time,  
When I've acted so stupid and blind.  
You took me in when I was out.  
You gave me hope when there was doubt.

I guess I'll always love you,  
I guess I'll always care.  
I guess I'll always love you,  
All of my life.

I used to worry about time and money,  
But I don't bother no more.  
I used to believe I was an no time lover.  
But now I'm no longer sure.

Oh, cause you've come into my life.  
As tough as nails, been as sharp as a knife.  
And if I ever get loose again.  
You'll wrap me up and tuck me in.

You know what!  
I guess I'll always love you,  
I guess I'll always care.  
I guess I'll always love you,  
All of my life.

I feel I've waited a million years,  
For this little girl of mine.  
And this time I won't mess it up,  
Stand by her for the rest of my life.

All of my life, all of my life.  
All of my life, all of my life.

Ooooh.  
Just a minute.  
Wooh!

If I never get drunk again,  
You're the one that takes the blame.  
You know why baby?

I guess I'll always love you,  
I guess I'll always care.  
I guess I'll always love you,  
All of my life.

One more.

All the times I've been too too smart  
You reminded me of my name  
And all the days that I went missing,  
And time left sharin' the blame

Oh, but you've never seen her hold,  
You'd even madness of laugh at it all  
And I know you knew all along  
I guess the pleasure of

Wooh!  
I guess I'll always love you,  
I guess I'll always care.  
I guess I'll always love ya,  
All of my life.

Yeah!  
I guess I'll always love you,  
I guess I'll always care.  
I guess I'll always love ya,  
All of my life.

All of my life, all of my life,  
All all of my life,  
I been waiting for someone, someone like you.
