

Roger Miller, Atta Boy Girl

Atta boy girl atta way to break my heart
atta boy girl atta way to tear me apart
Yeah you know how to do just what makes me mad enough to blow my top
Well atta boy girl atta way to break my heart
Well atta boy girl atta way to make me cry
atta boy boy you make me wish I could die
Well you took my young head and filled it full of pure DBU double L bull
Atta boy girl atta way to make me cry
Yes and I'm just a sad and lonely guy
And it's all because all you do is make me sit around feeling blue
Atta boy girl atta way to hurt my pride
atta boy girl you really tore me up inside
Yeah you took me for all I had but I treated you too good too bad
Well atta boy girl atta way to hurt my pride
Mhm I'm just a sad and lonely guy...
Break my heart make me cry
atta boy girl atta boy
