

Roisin Murphy, Sunshine

Hello Sunshine
Hello Kitty Cat
I had a hard time
But now my baby's back

With this candy too sweet
You make my heart sing and you know it
You leave it good in love to eat
You make me skip a beat, can't control it

Hello Sunshine
Hello Kitty Cat
I had a hard time
But now my baby's back

You make the stars shine
You make my icicle pop
These are the good times
When my bubbles rise up

Too much sugar is in my blood
Going up, down
I need vitamins in my love
Going down, up

Too much wickedness from the start
Going up, down
I can lose my teeth when I lose my heart
Going down, up

Hello Sunshine
Hello Kitty Cat
I had a hard time
But now my baby's back

You make the stars shine
You make my icicle pop
These are the good times
When my bubbles rise up
