

Rollo and King, Never Ever Let You Go (Eurovisi

Each morning I wake up alone
For too long I've been on my own
You seem to fill my heart and mind
The greatest love that I could find
Love that I could find
I'll never ever let you go
Though you hurt my feelings
You bring back memories all the time
I'll never ever be the same
Since you left me lonely
So please come back to me again
These last days I've been down and blue
I wonder if you miss me too
I think about you all the time
And keep on waiting for a sign
Waiting for a sign
I'll never ever let you go
Though you hurt my feelings
You bring back memories all the time
I'll never ever be the same
Since you left me lonely
So please come back to me again
I cry out your name
I'm sick and tired of this game
Oh baby, kiss me
I think this love was meant to be
Love was meant to be
I'll never ever let you go
Though you hurt my feelings
You bring back memories all the time
I'll never ever be the same
Since you left me lonely
So please come back to me again
I'll never ever let you go
I'll never ever let you go
Though you hurt my feelings
You bring back memories all the time
I'll never ever be the same
Since you left me lonely
So please come back to me again
I'll never ever let you go
